

COX AND ROOSEVELT CONFER AT COLUMBUS

Presidential Candidate Tells Big Crowd of Welcomers He Looks To Sunrise

(By Associated Press)
Columbus, O., July 13.—Governor James M. Cox, democratic presidential nominee, addressed several thousand men and women most of them from Columbus, who gathered at the State Capitol Monday to greet him upon his return to his office since his nomination at San Francisco. It had been planned to hold the informal reception in the rotunda of the State House, but the crowd was so large that the speech was delivered from the steps of the Capitol.

Reviewing his three terms as Chief Executive of Ohio, Cox declared he had never broken confidence with the people of this commonwealth.

The Governor said that it would be his purpose to "look to the sunrise rather than the sunset."

"I have the deepest conviction that the guarantee of continued progressive government will be adopted by the people of this nation in the election of Mr. Roosevelt and myself and that it will be but an expression of the nation's golden dawn of tomorrow rather than the twilight zone of yesterday."

After his brief address Governor Cox went to the station to personally meet his running mate, Franklin D. Roosevelt, who planned to spend a few hours here while en route from San Francisco to Washington.

Mr. Roosevelt arrived at 1:40 o'clock and with Gov. Cox went directly to the executive mansion, where they held their conference.

Mr. Roosevelt announced, following the conference, that both he and the Governor had decided that they would consider no state as being hopeless and that they would carry the fight into every state during the coming campaign.

This was the first definite announcement coming from the heads of the ticket since their nomination. "Both the Governor and myself are not going to consider any state hopeless. We intend to go into every one," Mr. Roosevelt said.

Mr. Roosevelt also reiterated Gov. Cox's recent intimation that the campaign would be carried into the West at an early date. He said he expected to stake the stump immediately after his official notification. The notification ceremonies, he said, he hoped would be at his home in Hyde Park, New York.

He also stated that he expected to resign as Assistant Secretary of the Navy about August 1, or immediately after the return of Secretary Daniels from Alaska, desired to begin preparation of his notification speech.

OPIE REID FOR COX
Lexington, Ky., July 13.—Opie Reid, of Chicago, famous novelist and lecturer, who is here for a lecture engagement, in an interview predicts the election of Governor Cox, Democratic nominee for president, because "Cox has strong party organization behind him and the Democrats have a platform this year which approaches issues of the campaign fearlessly." Mr. Reid is a Republican and knows both presidential candidates personally.

SISTERS, 11 AND 6, BURGLARS
New York, July 13.—Two of the youngest "female burglars" on record appeared in police court in Brooklyn yesterday, when two sisters, aged 11 and 6, pleaded guilty to a charge of juvenile delinquency. They were arrested in a Brooklyn home after they are alleged to have forced an entry and packed \$1,000 worth of silverware and jewelry in a suitcase.

COLD CHECK MAN WINS RACE WITH POLICE CHIEF
Maysville, Ky., July 13.—Chief of Police Ort and a man who had cashed a cold check for over \$60 had an exciting chase. The man who drew the check was in an automobile. At Manchester, when the chief went for the town marshal to arrest the man, that individual left on high speed, with the officers hot after him. Just as the officers were about to effect his capture both rear tires of their machine burst and the check artist made his escape.

Columbus, O., July 13.—Governor Cox, democratic presidential nominee, announced today he will hold a conference with President Wilson at the White House next Sunday morning, the announcement being made following a telephone conversation between Cox and Secretary Tumulty.

MOUNTAIN WOLF KILLED NEAR CITY

A gray mountain wolf which has been playing havoc with lambs, turkeys and chickens since early spring, came to grief Tuesday morning when John Norris, residing adjacent to Lake Reba, two miles east of the city, killed the animal with a well directed shot. The animal is believed to have been in captivity at one time, since it wore a collar which had become tight about its neck. The wolf, which has been seen in various neighborhoods for several months past, always eluded pursuers, and no dog could be made to trail it. A few mornings ago Mr. Norris discovered it taking hold of a large gobbler in his poultry yard, but its amputation of the turkey was but the work of an instant and it was away, true to its wild form and disappeared before pursuit could be given. There have been hunting parties formed for the purpose of hunting it down, but to no avail. The animal was recently seen on the farm of John Doty, where it partook of chickens and a number of lambs and very recently was seen on the farm of St. Tudor, almost within the city limits of Richmond. It would kill but devour only a small portion of the fowl or animal.

FAIRCHILD APPEALS THE SUFFRAGE CASE

(By Associated Press)

Washington, July 13.—Bulletin—Justice Bailey in the District Supreme Court today dismissed the injunction proceedings brought by Charles Fairchild, of New York, president of the American Constitutional League, to prevent the promulgation of the ratification of the suffrage amendment, and to test the validity of the equal suffrage law.

The Court held it was without authority to inquire into action of state legislatures in ratifying the suffrage amendment, and had no authority to pass upon the validity of such amendment. Fairchild noted an appeal to the Supreme Court of the United States.

Bootlegger Slain

Ashland, Ky., July 13.—Deputy Sheriff Edward E. Webb, of Lawrence county, shot and killed Paul Wellman, of Catlettsburg, alleged bootlegger, after Webb had been wounded seriously by three bullets from the gun of the dead man. The fight occurred at Catlettsburg, seven miles from Louisville, when the officer attempted to arrest Wellman on a warrant which charged a breach of the peace. Wellman, it is alleged, had conducted an illicit liquor traffic in the Big Sandy territory for a number of months.

FRIENDS ARE PROUD OF MRS. HARDING

Marion, Ohio, Folks Think She'd Make Fine Mistress of the White House

(By Associated Press)

Marion, O., July 13.—Many women of Marion, girlhood acquaintances, friends or chums, of Mrs. Warren G. Harding, wife of the republican nominee for the presidency, are enthusiastic over the possibility that she may preside at the White House. They say she is well fitted for the duties of a president's wife because "she has a mind of her own, generally manages to get what she wants, is thoroughly democratic, likes to give and go to parties, is interested in a hundred and one things, knows how to talk to every one including men and once she knows you, always knows you."

Some Marion residents say that Mrs. Harding has contributed in important ways to Mr. Harding's success in life.

Mrs. Harding was born here, August 15, 1860, and was reared in this city where she attended grammar and high schools. Afterwards she studied music at the Cincinnati Conservatory of Music.

As Florence Kling, daughter of Amos Kling, banker and one of the most wealthy men in Marion, she is described by a girlhood friend Mrs. Margaret Younkins, as "one of the best horse-women I ever seen." She rode and drove more like a man than a girl," said Mrs. Younkins, who said she was more accustomed in those days to seeing Florence Kling, dashing swiftly up the street on Billy, her saddle horse, than walking with the other girls of her social circle. Other girlhood friends of Mrs. Harding told of the times when they used to "pile into Florence's phaeton and ride with perfect confidence behind her speedy Billy."

Florence Kling was married to Warren G. Harding, then a newspaper publisher, on July 8, 1891, in their present home in Mount Vernon Avenue, Marion. For more than 12 years, until illness prevented, Mrs. Harding was circulation manager of the Star, her husband's newspaper. In addition she was the registration bureau for complaints, advertising manager and angel to the newboys.

When Mrs. Harding returns to Marion and meets any of the boys who carried papers for Senator Harding when she was circulation manager, she puts them on the back, it is said, and remarks: "Here is one of my boys—he will be famous one of these days."

Mrs. Harding has been a member of "The Twigs" a card club of Marion, for many years.

POLSGROVE DEMOCRAT ON ELECTION BOARD

Frankfort, Ky., July 13.—James H. Polsgrove, former county judge of Franklin county, has been appointed democratic member of the State Board of Election Commissioners to succeed W. W. THIRD POLITICAL PARTY IS NAMED

Stirring Times In Chicago When Future Plans Are Unfolded—LaFollette Favorite

(By Associated Press)

Chicago, July 13.—Bulletin—Amalgamation of the principal groups attempting to form a new political party was effected here today. The Committee of 48 voted to join the National Labor Party. A large non-partisan League group and delegation of single taxers marched into the Labor convention and announced they had decided to amalgamate in a "United New Party," the name given the newly combined factions on motion of Max Hayes, of Cleveland, chairman of the Labor Party National Committee.

Nomination of a presidential candidate of the "United New Party" is made a special order of business for the session tonight. Senator LaFollette, of Wisconsin, apparently continued to be the most popular candidate for the presidential nominee.

SUES FOR MASON & HANGER STOCK

(From Lexington Leader)

Judge Charles Kerr heard arguments this morning in circuit court in the suit of T. H. Coleman of Harrodsburg, against H. B. Hanger, Silas Mason and John J. Watts, claiming the right to purchase 200 shares of stock in the Mason and Hanger Contracting Company and a one-fifth interest in a million and a half dollars of profits on government contracts of the Mason and Hanger Co.

Coleman is represented by Helm Bruce, of Louisville, Allen and Duncan, of Lexington, and the defendant company by Humphrey, Middleton and Crawford, of Louisville, Hunt, Northcutt & Bush, of Lexington, and J. J. Greenleaf and J. A. Sullivan, of Richmond.

Mr. Crawford argued the case for the defendants and Mr. Bruce presented the claims of the plaintiff.

Coleman claims that he had an agreement with Mr. Hanger by which he was to have charge of certain work at Camp Zachary Taylor and that he was to be given one-fifth of the profits from the company's work for the government, besides being permitted to buy 200 shares of stock in the company at a price to be agreed upon later. The judge took the case under advisement.

DIXIE HIGHWAY INSPECTED TUESDAY

Division Engineer J. T. Dawson of the State Road Department, was in Richmond for a short time Tuesday morning and later left for Berea accompanied by County Road Engineer Baxter and County Judge Price, where they will inspect the Dixie Highway south of Richmond, to the Rockcastle county line.

Mr. Dawson is anxious to see the roadway and its condition and this is one of the reasons for the inspection, although it is desired that a report to the State Highway Commission be made and this will be done by Mr. Dawson. He did not state whether he would be able to remain in the city long enough to inspect the other roads, expected to be taken over by the state within a short time, of permanent maintenance.

BIG INSTITUTE WELL UNDER WAY

Big List of Teachers Assigned to Madison County Schools—Where They Will Teach

The first day of the teachers' institute at Eastern Normal developed an attendance the most complete of any held in Madison county in years. One of the direct causes for the attendance was the compulsory clause inserted in the instructions to the county superintendents by State Superintendent George Colvin.

Late Monday night there was a host arrived from various parts, some coming in from afar, having been on annual vacation, but eager to get to the institute, although a little late.

The organization of the institute body was one of the first features of interest during the opening day, and this resulted in Miss Mary Dalton, of Richmond, being selected as secretary, in which official capacity she has served for a number of years in a most efficient manner. She was given an assistant this year in the person of Mr. Cosby Duncan. The record and official routine work is being handled in a masterly manner.

Prof. S. S. Myers is in charge of the music and Prof. W. B. Ward, with enough humor and pathos in his lectures to entertain, formed an interesting program. Part of both forenoon and afternoon was given to teaching of rote songs.

Regarding the songs, Prof. Ward said: "We cannot go back of the cradle of these children, but we can stand between these and the next cradles."

There are seven kinds of institutes, as follows: Inspirational, respiration, perspiration, inflation, deflation, observational and idealical. The first and last types are preferred.

"Institutes are valuable," Mr. Ward explained, "to teachers in a social way, and it is a pooling of opinions and sentiments; get acquainted with and interested in each other. In a professional way, it has an enlarging vision of consecration, belief in our work and in ourselves, giving, taking and compromising."

"In an academic way, not fractions, but school problems; not cube root, but acute economics; not foreign bills of exchange, but how pay our bills; not deserts, but gardens and orchards."

"To the children, it is reflex and indirect; what rays will you reflect?"

To the county, through the reaction of the schools upon the various communities, it always means just what the teachers want it to mean.

"There are several types of mind: The fuzzy type, the sieve type, the funnel type, the window type, the sponge type and the clam and terrapin type. Each of these types is peculiar to itself and all these types are found in most audiences. They are found in every school."

"Too many people are so busy making a living that they forget to make a life. Noble inspirations and fine sentiments will live long after our money is all melted."

The discussions of the new high school law and the probability of meeting its requirements consumed the latter part of the afternoon. The instructor was loud in his praise of the fine spirit manifested by the county superintendent, the Normal School people, and especially by the teachers.

The following were assignments made for Madison county:

Doyleville, Miss Elizabeth Eades; Union City, Miss Verna Dunbar; Miss Gertrude Collette, Miss Mary Earle Griggs; Mrs. Della Williams, Prof. Paris B. Akin; Miss Sudie Montgomery; Red House, Robert Baldwin; College Hill, Miss Ada Smith; Miss Jessie Conley, Mrs. W. B. Elder, W. B. SELF-DEFENSE IS HUSBAND'S CLAIM

(By Associated Press)

Louisville, Ky., July 13.—"I did that in self-defense," exclaimed Jack Wiseman, 54, a reporter at the jail today when asked why he shot Mrs. Virginia Thompson, 40, his former wife, at her home on the Flat Lick road yesterday. Wiseman voluntarily came to the jail this morning. Wiseman related "she fired at me first, but missed;" then he "grabbed the gun, shot three times and she fell." He said "Mrs. Thompson kept making threats to kill me."

Wiseman said he married Mrs. Thompson in June, 1919, and that it was her fifth marriage. He claimed she was not divorced from her fourth husband, named Thompson. Wiseman said she threatened his life if he got a divorce. This led to the shooting. Mrs. Thompson is under treatment at the city hospital.

MADISON PETITION MAY BEAR FRUIT

Special Elementary School Examination May Be Held In the Near Future

State Superintendent of Public Instruction George Colvin, who recently had his attention called to the scarcity of teachers by B. F. Edwards, superintendent of Madison county schools, who asked for a special examination in order to supply the deficiency, forwarded the latter a letter Tuesday to the effect that the information had been received, greatly appreciated, and added that the special examination in the elementary grades would doubtless be called for the near future.

The prompt action of the state official in recognizing the petition from Madison county was surprising to many, however, Mr. Edwards believed this would be the case, since the importance of this county is recognized as a school center and the starting point of many teachers. The information sent to Richmond was to the effect that definite data regarding the proposed examination soon would be forthcoming within a few days. Mr. Colvin also stated that it would be held in ample time to secure teachers by the time the fall session was called to order.

There were many who dropped the courses they were pursuing when they found their grades so sadly lacking some time ago, but it is the general belief that they will renew their studies now with brighter prospects of securing a foothold in the line of teaching. There are also many who are anxious to procure life certificates and many of them are studying diligently in order to procure the coveted papers.

**Summer Complaint Quickly Re-
lieved**

"About two years ago when
suffering from a severe attack of
summer complaint, I took Cham-
berlain's Colic and Diarrhoea
Remedy and it relieved me almost
instantly," writes Mrs. Henry Je-
witt, Clark Mills, N. Y. This is an
excellent remedy for colic and di-
arrhoea and should be kept at
hand by every family.

Stop Paying Rent

HERE'S YOUR CHANCE

The property of Mr. Wm. Hensley, located on the corner of East Main and Irvine
streets, opposite Hensley's store, will be sold at public auction on

Thursday, July 15th
AT 10 A. M., SHARP

It is a Six-room House,
recently built, in splendid condition, has water and light, metal roof, and will
make somebody a good home. It won't require a large sum of money to get it.
and it's just the piece of property for some young couple who have a little money
saved up, wants to stop paying rent and have a home of their own. The house
is on a lot 50 feet front, and runs back 150 feet; plenty of space for a nice garden,
and a dandy yard for the kids to play in. At the same time and place all of the

Household and Kitchen Furniture
belonging to Mr. Hensley will be sold to the highest bidder. A chance to buy some
good furniture and beat the high cost of living.

Terms are easy and will be made known on day of sale. If you want to see
the place any time before the sale, Mr. Dunbar will gladly take you out in his car.
Don't let this opportunity get by you. It will make a good investment even if you
don't want to live in it yourself.

7 KILLED NEAR PADUCAH BY DYNAMITE EXPLOSION

(By Associated Press)
Paducah, Ky., July 13.—Seven men were killed instantly by a dynamite explosion at a rock quarry of the Kollerjohn Construction company, at Cedar Bluff, 48 miles above Paducah, shortly before noon today. Details are lacking.

SEEKING COAL RIGHT OF WAY

(By Associated Press)
Washington, July 13.—Orders from the interstate commerce commission granting priority to shipment of coal to the northwest and New England by operators having contracts in those sections will be proposed by the bituminous coal operators to the railroad executives in New York tomorrow.

POLES LOSING GROUND, IS PERSISTENT REPORT

(By Associated Press)
Warsaw, July 13.—The loss of Minsk, capital of the Russian government of the same name, by the Poles is announced in today's official Polish communiqué, which says the Bolsheviks occupied the town on the morning of July 11 after a desperate all-night battle.

Loss of Appetite

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or eat only two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before the second meal is taken. Then if you eat more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation, as often is the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

the request of the Allies that an armistice be arranged with Poland.

Mr. H. M. Whittington has the sympathy of his friends in the death of his mother, which occurred Monday, July 12, at her home, Marietta, Ohio. She had been ill for a number of months. She was 64 years of age and a devoted member of the Methodist church. Surviving her are her husband, Mr. A. Whittington, one daughter, Mrs. Jack McAdoo, of Marietta, and an only son, Mr. Homer Whittington, of this city. Interment took place in the Marietta cemetery.

Summer Complaint In Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic, Cholera and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell, of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

The Great Annual Store-wide Clearance Sale

Begins at W. D. Oldham & Company's
Saturday, July 10 - Closes Saturday, July 24

13 Bargain Days That Will be Long Remembered

by all who take advantage of the many attractive bargains offered during the Big Clearance Sale. This is not a sale of odds and ends, although many Remnants will be sold, but it is a bona fide reduction sale on every article in the big store. Nothing will be reserved during the 13 Bargain Days. Each and every article, every yard of goods, every Shoe, every piece of Clothing, every thing in Ladies' Ready-to-wear Garments, all Rugs, Linoleums, Mattings, Trunks, Valises, Hats for men and boys, all go at Cut Prices during the Big 13 Days Clearance Sale.

Our excuse for putting on this Sale is not that merchandise is being reduced in price by the manufacturers, for we all know that merchandise for Fall will be much higher in price than at the present time. But our reason for this big cut price Clearance Sale is that we have already made extensive purchases in all lines of merchandise for fall and as our motto is "Never Carry Merchandise from One Season to Another" we are giving this sale to clean up all the merchandise possible before our fall goods begin to arrive.

It will be to your advantage to come as early as you can for this Sale, for in some cases the quantity is limited. In others there is an average supply, and the values are so great you can't afford to miss them.

Heat Saps Power; Store up Energy

Keep digestion perfect with Dr. Caldwell's Syrup Pepsin and you will have strength to work.

SUMMER is the season of vacations, of slowing up in work. And there is a good reason for it. Heat is enervating and work quickly tires. But people must work, and we don't all keep ourselves in such fine physical condition that we can do our share even in hot weather.

Of first importance is to see that there is a regular, daily bowel elimination. If you skip a day you are constipated. Constipation, especially in summer, is quickly followed by fatigue, loss of appetite, chills and colds. There is no energy for work.

When you feel constipated and out of sorts, more tired than you know the circumstances warrant, take a spoonful of Dr. Caldwell's Syrup Pepsin. This delightful laxative tonic is a combination of simple laxative herbs with pepsin and can be bought at any drug store.

Mr. Walter of 414 Minnie St., San Francisco, had written me because of constipation, and a train of other ills. He took Dr. Caldwell's Syrup Pepsin and promptly recovered his health and strength and is now at work again.

You will make no mistake getting your bottle of Syrup Pepsin and taking a little at the first sign of constipation.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 1124 Washington St., Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought in drug stores last year—the largest sale in the world.

ADVANCE FIGURES CORRECT

The figures advanced some time ago regarding the quantity of gasoline consumed in Madison county monthly were practically correct, according to the returns being made at the office of County Clerk Jennings Mappin. The decision to the effect that wholesalers will pay the tax when they have reduced the work connected with the enforcement of the law.

EXTENSION WORK BEING ESPOUSED

President T. J. Coates left at noon to visit institutes in Clay and Knox counties. Each of these counties has always given Eastern Normal loyal support. President Coates will try to interest the teachers of those counties in the work of the Extension Department. He will explain to them the advantages afforded by his institution to earn credits while actually engaged in teaching. This is a long step forward and will appeal to the progressive teachers. He will also discuss the free tuition offered ex-service men.

JAYNE ACCEPTS AS E. K. S. N. FIELD AGENT

Prof. W. L. Jayne, of Quicksand, Breathitt county, who was elected to a position on the Normal School faculty, telephoned President Coates Tuesday that he would accept the position and that he would be in Richmond within the next few days to confer with him regarding his work for the coming months.

Prof. Jayne will be known as Field Agent. His full time will be spent in the Eastern District and serving the schools in of the state assisting former students in many ways. This movement is in keeping with the establishment of an Extension Department—"Taking the School to the People."

Mr. Jayne is a graduate of Georgetown College, a successful teacher of many years experience. During his service as superintendent of Boyd county he was easily one of the leading county superintendents of the state. He is familiar with the rural school situation as well as the city systems. He is a valuable addition to the Normal faculty.

The condition of Judge John Goodloe, who recently underwent an operation in a local hospital for gall stones, altho past 80 years of age, is reported as growing stronger, and it is believed he will be able to leave the institution within a short time. This is said to be a most remarkable case in various ways, when a successful operation was performed on one of that age.

Mrs. Lawson Recovering

Mrs. James Lawson, shot and seriously wounded by her husband two weeks ago, who then shot and killed himself, has sufficiently recovered at the Robinson hospital, here, to be able to leave that institution and return to her home, the scene of the tragedy. She refrains from speaking of the affair any more than possible, even to intimate friends.

At the naval academy at Annapo-

lis, all of the regular appointments have been made and there are 383 vacancies, a fact which is exercising officers of the department and the matter is being given serious consideration.

SHOD WITH FIRE PROVES

A GREAT FILM TRIUMPH

"Shod With Fire," a romantic love song of the plains, appears at the local theaters today. This is an intensely dramatic play produced by William Fox, starring William Russell, and is from the pen of Harold Titus. The story is based upon the absorbing love of a strong man for a woman who is sorely in need of comfort and protection. Handsome, heroic William Russell portrays superbly the character of a man of the plains who faces danger and death for the woman who is dearer to him than life. The action of the play is swift and sure. Big moments, thrilling situations, beautiful scenery and wonderful expressions of dramatic art make this production one which no one should miss.

A big-scale road test on 3,200 tubes

How Firestone puts the miles in — and then proves it—not at YOUR expense.

No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly — improvements and developments are arrived at.

By close watching of a large number of tubes in service—not confined to isolated instances, the conclusions are accurate and definite.

Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis.

And then subjects the finished product to this big-scale road test—in order to get you more for your tube money and more miles out of your tires. And get Firestone Tubes cost no more than the ordinary kind.
